

**AMENDMENTS TO THE DRAWINGS**

The attached figure sheets include changes to Figures 1-5 and the addition of new Figure 6. These sheets replace the original sheets which included Figures 1-5. In Figure 1, Applicant has changed reference numeral 8 to reference numeral 7, as suggested by the Examiner. Additionally, Applicant has rotated Figure 1 and has shown the internal structures of the off-centered support member. In Figures 2 and 3, Applicant has shown the internal structures of the vertical support member and the closing support member, respectively. In Figures 4 and 5, Applicant has added reference numeral 7 to illustrate the fastening means, or orifice, of the off-centered support member. Further, Applicant has added new Figure 6 to illustrate the male or pin element having a semi-conic arrangement. The drawings do not include any new matter.
